

Year 6 Summer Term 2

What Happens When the Land Meets the Sea?

This term we are learning about coastal features and will be conducting a fieldwork investigation at South Shields.

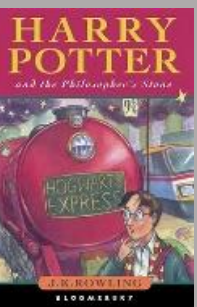

In science, we will be finding out about scientists and inventors.

In PE we will be working with a sports' coach to help us prepare for the transition from KS2 to KS3. We will also be attending swimming sessions.

In ICT, our topic is 'We are ready for change' which will help prepare us for the next stage of our computing journey.

In English, we are revising all grammar, spelling and punctuation through the Harry Potter series.

In PSE, we will focus on 'Changing Me' as we transition to secondary school.

As Mathematicians, we will be consolidating our understanding of decimals, fractions and percentages; practising our reasoning and problem solving skills; and revising shape and angles.

In RE, we are asking, 'So, what do we know about Christianity?'
